

Course: Ornament Drawing Prototype

MitoAction is hosting a Holiday Ornament Competition! This year MitoAction would like to give our donors, sponsors and clinicians a holiday ornament created by someone in our patient

community! We are encouraging patients and family members to submit original holiday themed hand drawn pictures that we can use as a prototype on a 3 inch round ornament. One winner will be chosen on September 30 and will be gifted their own ornaments to share with friends and family, and MitoSwag!

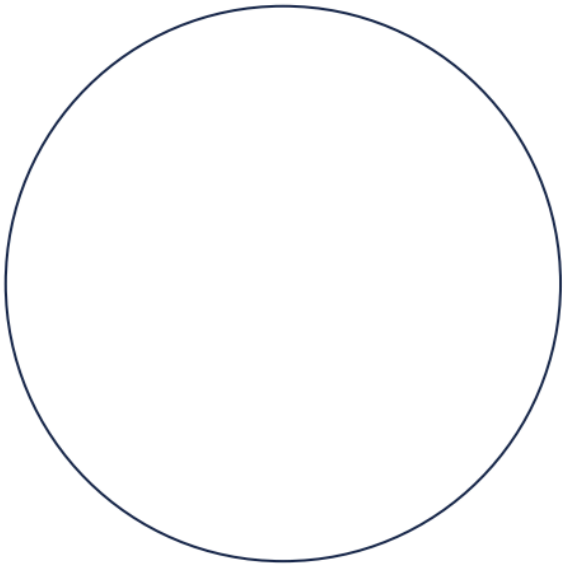

Join Christine Knox for our next MitoArtisan group, as she shares a couple of templates and walks us through how to get started on a project like this! Is it better to work bigger and shrink your work down to fit a 3 inch ornament, or start by just working within a 3 inch diameter circle? What kind of designs might be “too much” for a small space, and how many colors should one consider to work with? Bring your questions, art material, and hot cocoa for an early start on holiday fun!

Please consider printing out any of the templates to work from ahead of time.

Ornament Submission details: Please use your medium of choice (painting, drawing, ect), and know that your work will be scaled down to fit a 3 inch round ornament. All ornaments will be printed in color. Front and back pictures are welcome! If you include a back picture please note that we will add the mitoaction logo. All pictures should be submitted as a JPEG or PNG, and submitted by September 22 to Stephanie Harry at: sharry@mitoaction.org

SUPPLY LIST: bring your favorite medium to work with! Christine will be using markers!
